

## **STANDARD DUTY BATH TUB STYLE RECYCLING CONTAINERS**

Bath Tub Style Recycling containers are usually built with Standard Duty specifications because of the very light weight material that is typically hauled and recycled by a variety of facilities.

With multiple designs to fit most any need, these containers are designed and built to be user-friendly and with openings that will enable you to haul various materials with only one (1) container.

Recycling Containers can be built to fit any size truck/hoist with either Cable Hook up or Hooklift set up or a combination of both.

Specifications for Standard Duty containers:
